

Day(s) of Caring in Partnership with DMS!

The Day(s) of Caring took place on Friday, May 21st and Wednesday, May 26th. Over those two days 350+ Discovery Middle School 8th grade students went out into the community to tackle 28 outdoor residential and community projects. Here are some highlights shared from student and staff after:

- *We helped an older lady who was recently diagnosed with cancer. She had lost her husband too. She got teary eyed while talking and was so grateful for the help!*
- *We helped an older man who had lost his sight. While we worked he sat and told stories.*
- *Great to see comradery among students and see them working hard for the same purpose. Great day of conversations and smiles!*
