HOW DO WE DO IT?

WE LISTEN to identify the communities needs. We coordinate community conversations, convene human service organizations, understand core issues and work to break down barriers and create opportunities.

WE COLLABORATE through bringing together passionate people, businesses and organizations with resources needed to get the job done!

WE FUNDRAISE through our events, donations and business campaigns to be able to support our mission and community.

WE CREATE CHANGE by offering programs and providing grants which impact health, education and financial stability. Last year we made 26,000+ touch points through our programs and the programs we invest in!
