Bugs and Blooms

ballpoint pen

golf club

slice of cake

screwdriver

sailboat

Can you find these hidden objects?

ice-cream cone

mug

mitten

pencil

key

octopus

shoe

fish

The Ants Go Marching

The ants go marching one by one, hurrah, hurrah
The ants go marching one by one, hurrah, hurrah
The ants go marching one by one,
The little one stops to suck his thumb
And they all go marching down to the ground
To get out of the rain, BOOM! BOOM! BOOM!

The ants go marching two by two, hurrah, hurrah
The ants go marching two by two, hurrah, hurrah
The ants go marching two by two,
The little one stops to tie his shoe
And they all go marching down to the ground
To get out of the rain, BOOM! BOOM! BOOM!

The ants go marching three by three, hurrah, hurrah
The ants go marching three by three, hurrah, hurrah
The ants go marching three by three,
The little one stops to climb a tree
And they all go marching down to the ground
To get out of the rain, BOOM! BOOM! BOOM!

The ants go marching four by four, hurrah, hurrah
The ants go marching four by four, hurrah, hurrah
The ants go marching four by four,
The little one stops to shut the door
And they all go marching down to the ground
To get out of the rain, BOOM! BOOM! BOOM!

ANT

All the ants in the world weigh more
than all the humans in the world!

An ant can lift 20 times its weight.

An ant has 2 stomachs: one for itself,
and one for sharing food with other ants!

Ants are black,
red, or yellow -
but you can
make up
your own
colorful
ant!

There are over
10,000 kinds of ants!

Ant City!

Have you ever wondered what it looks like inside an ant hill? You will get an idea from studying this cutaway diagram.

Use this color key to color the rooms of this ant hill.

yellow	nursery area (eggs, pupae, larvae)	blue	rest area	orange	food storage area
purple	winter room	green	seed husking room	red	dining room

Ant Activity

Use your ant paperclip on top of the anthill, and put your magnet underneath. This will make your ant able to move to all of the rooms. Have fun!
